Wise Owl

AllFreeHolidayCrafts 🎉 ✂️ 🧵

1. This adorable owl costume is simply a brown shirt with rows of fabric ovals sewn beginning at the bottom.
2. Trace a bunch of ovals and cut them out.
3. The hat is a store-bought knit cap. Turn it inside-out, cut off a semi-circle from the top, and sew it back together forming an owl shape.
4. Circles and a triangle glue to the hat complete the cute face.

Wicked Witch

1. Use what you already have: a black shirt, a pair of striped leggings, and boots.
2. To make the tutu, simply fit a piece of elastic around child's waist and sew closed.
3. Using a rotary cutter on the cutting mat, cut strips of tulle twice the desired length and about six inches wide.
4. Fold a piece in half and pull up behind elastic.
5. Pull the two tails up, in front of elastic, and pull through loop at top.
6. Pull outward and build your layers around the entire elastic until you are happy with the results.
7. Buy a witch hat and dress it up a little. Cut out circles of felt, cut a swirl from the outside to the center, and roll up starting from the outer edge.
8. Hot glue them together and around the hat.
